TERMS

Commission Terms

Go through them with your client before taking the deposit.

1. The order is confirmed once the deposit is paid. The deposit buys the materials and reserves your spot in my schedule.
2. The price includes: taking measurements, the toile, the fittings stated on this form and the finished garment.
3. If you cancel before I buy the materials, I'll refund the deposit. After that, the deposit covers the materials bought.
4. Changes to the design, fabric or measurements after the final fabric is cut are quoted separately.
5. If you miss a fitting without notice, the delivery date moves back.
6. The garment is handed over once the balance is paid.
7. The garment is made with the measurements taken on the date shown. If your measurements change significantly before delivery, any extra adjustment is quoted.
8. Care instructions are included with the garment.

How to use it

Send the terms by message before the deposit and ask the client to reply "I accept". That reply counts as confirmation.

Next step

Fill in the form for your next commission and send your client the terms before the deposit.
